

Frost Wilderness Game Production Area Trail Map

The Frost Wilderness Game Production Area (GPA) is owned and operated by South Dakota Department of Game, Fish and Parks. The Frost GPA Trail falls completely within the Frost Wilderness GPA. The GPA's primary function is to provide opportunities for hunting, fishing, and trapping during legal seasons; therefore, if a legal season is in session, please be mindful to stick to the designated walking trails and be aware that active hunting is occurring in the area.
